

Hvordan eksportere flere fasader til samme layout?

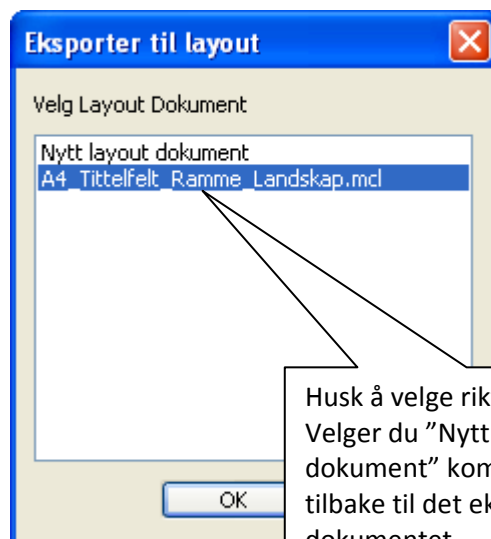

Ikke lukk ned, men "Minimer" det innerste bildet

Viktig! Velg "Velg eksisterende layout dokument"

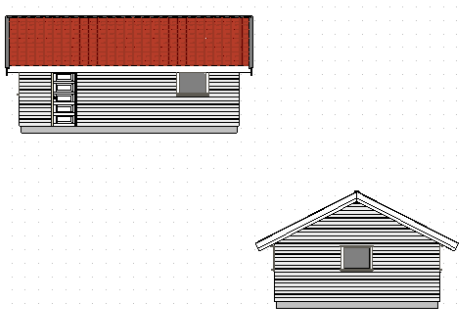

Husk å velge riktig dokument. Velger du "Nytt layout dokument" kommer du ikke tilbake til det eksisterende dokumentet

0 25 50 75 100 125 150 175 200 225 250 275 mm
